Board Member

# What we do

## A nonprofit supporting open sustainability assessment

- Brightway ecosystem community supports and engagement
- Projects, conference, trainings
- Advance education and citizen science
- Empower personal resource tracking
- Open-source tools and LCA data infrastructure

https://github.com/Depart-de-Sentier
https://github.com/sentier-dev

Interactive version available at https://www.d-d-s.ch/about/ecosystem

# Projects and Partnerships

**GreenGrocer (Horizon Europe)**

**ADEME**

**Partnership for Life Cycle Data**

**UNEP Global LCA Data WG/Atlas**

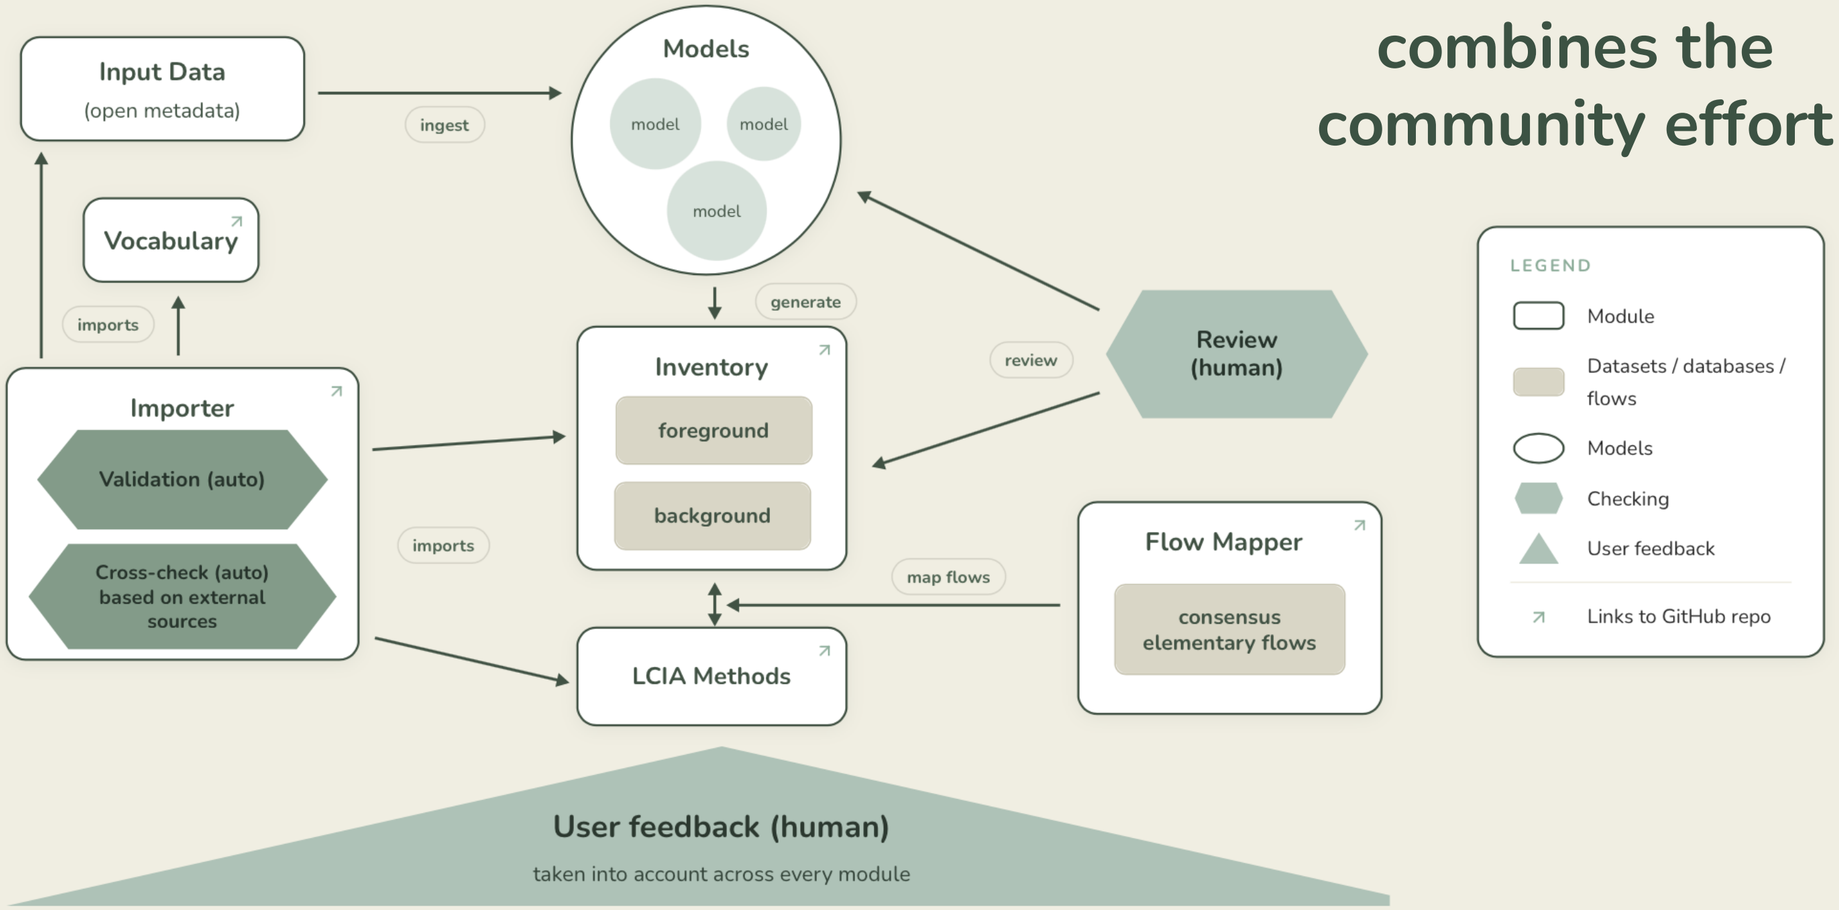

Technical Foundation

**Invite Community Contributions**

# Sentier platform architecture

## Facilitator that combines the community effort

Construction, publication, sharing and continuous improving of life cycle inventory data

— from import through shared vocabulary to models, inventories, and LCIA methods

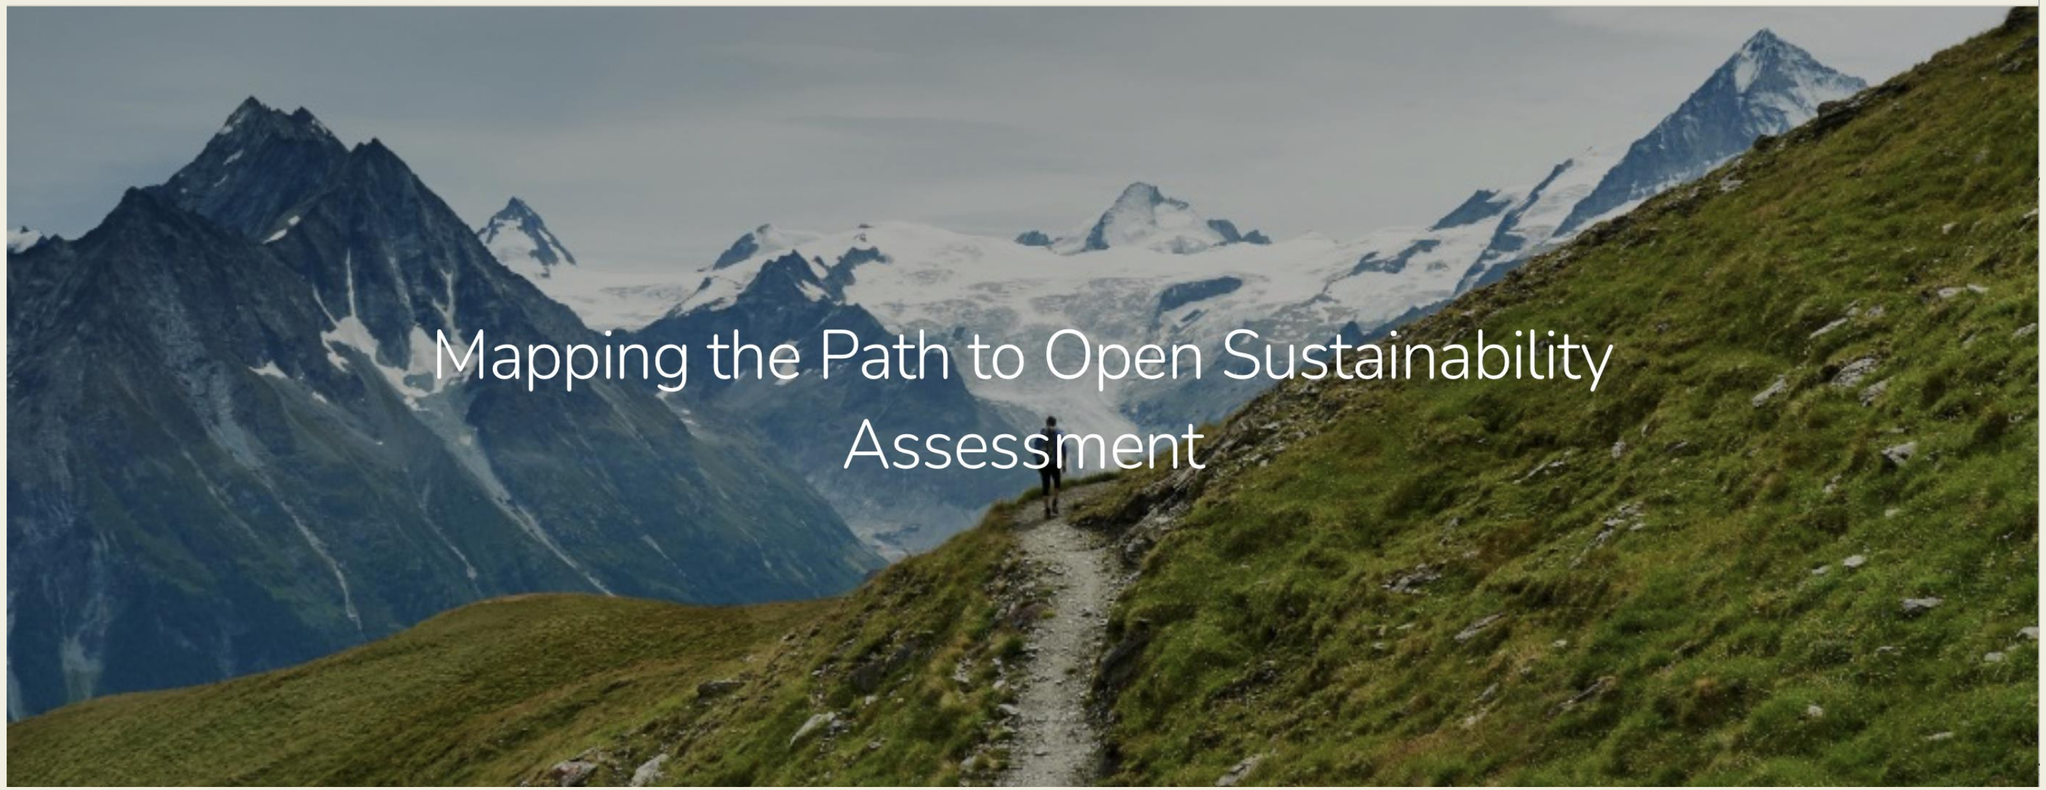

# Collaboration
